Donna Ballou, APR

Director, Public Relations

Prince William Health System

8609 Sudley Road, Suite 306

Manassas, VA 20110

Dear Ms. Ballou:

On behalf of the Prince William Health Partnership Board and staff, we would like to express our support for the recent decision of the Prince William Health System to form a partnership with Novant Health. Since both health care systems have the same nonprofit mission, we are confident that the partnership will allow Prince William Hospital to expand, while continuing to meet the needs of the community, staff and physicians. In view of the growing needs of the western Prince William area, we appreciate the value of the additional resources that Novant Health offers to support this growth.

We wish you continued success.

Sincerely,

Margaret K. Goldberger, FACHE, MHA
Executive Director
