Michael J. Schwartz
President & CEO
Prince William Health System
8650 Sudley Road, Suite 411
Manassas, VA 20110

Dear Mr. Schwartz,

The proposed merger between the Prince William Hospital and Novant Health will be a great asset to the community and has the support of the Old Town Business Association.

Prince William Hospital has been a valuable member of the Manassas and Prince William community for many years. The community has grown so much over the years and we MUST have a healthcare system to support that growth. We feel the merger is a move that we will all benefit from.

Sincerely,

Joanne Wunderly,
President
